FROM THE STREETS OF THE CAPE TO THE SHADOWS OF JOZI – UNCOVERING ALL SECRETS

OUR MISSION

Our services and operations are conducted with these in mind:

- POPIA – ensuring lawful, fair and responsible handling of all private and sensitive data (Anon., 2013).
- PSIRA – governing all personal and private secuirty provides in all of South Africa (Anon., 2001).
- Interpol Guidelins on Private Investigations – Promotes transpareny and approaches that are rights based in all investigating practices (Anon., 2023).

Our mission – Here at Spade & Archer, we bring to South Africa high quality, very effective and insightful private investigations. From Cape Town to Johannesburg, we have tailored our services to the increasingly improving security and privacy struggles of this modern age. At the peak of cybercrimes, identify theft and fraud – which is still on the rise - we offer investigative solutions, with core fundimentals such as ethical and professional integrity and legal compliance

CONTINUE:

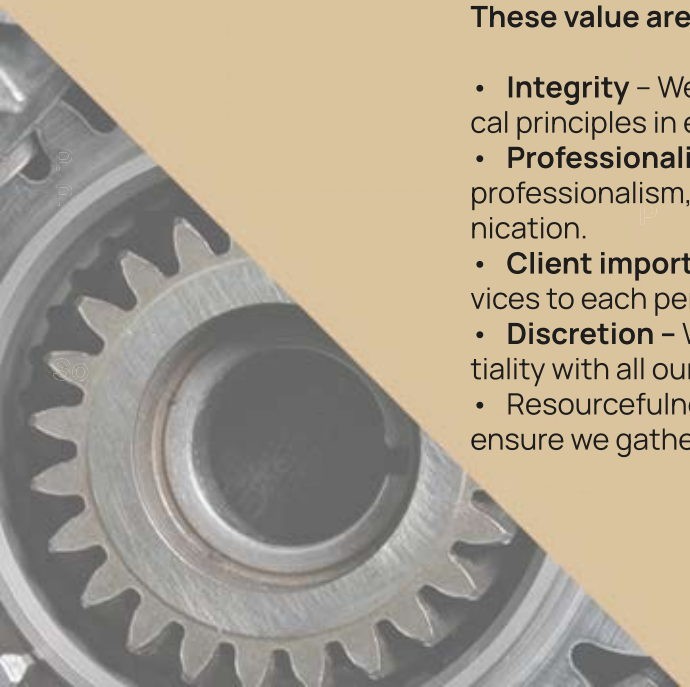

With South Africa's rich and contrivertial background, we recognize the importance of having a competence for culture and social sensitivity. With this in mind, we at Spade and Archer are trained to work with all communities with respect, especially focusing on sensitive investigations related to land, social justice and GBV (Anon., 2024).

We have one goal:
To uncover the hidden truths and secrets without fail and compromise, provide our clients with extreme clarity and support in a society that is still recovering from past injustices concercning systemic inequity.
We don't aim to only protect the interests and privacy of our clients, but to upload all democratic values, knowing that each case that is solved, results in a beter and safer South Africa.

OUR CORE VALUES:

Our value's are one of the core fuels that run our company.
These value are:

- **Integrity** – We pride ourselves on operating with unmoveable honesty and ethical principles in every single investigation
- **Professionalism** - We conduct each and every investigation with the utmost professionalism, ensuring each detail is meticulously attended to and clear communication.
- **Client importance-** We ensure that our clients are prioritized and tailor all services to each persons specific needs.
- **Discretion –** With the sensitivity of our work, we always maintain strict confidentiality with all our cases.
- Resourcefulness: We make use of all our skills, technology and network to ensure we gather all information effectively and efficiently.
